

HEALTH AND SAFETY CHARTER 2015-2019

'Health and Safety - It's more than just a paper exercise'

- We will make health and safety integral to everything we do.
- We will implement actions to successfully deliver the PABIAC 2015-2019 health and safety objectives.
- We will communicate and work with our workforce to proactively improve our site's health and safety.
- We will clearly identify the health risks in our workplace and take actions to address them.
- We will ensure our machinery is properly guarded in accordance with current standards and guidance.
- We will implement safe working practices to prevent people being injured when intervening on machinery.
- We will encourage the reporting of slip & trip near misses and take action to reduce incidents and accidents.
- We will develop leading and lagging metrics to monitor health and safety performance.
